contain information on Social Entrepreneurship, Active Citizenship Program and SEP Projects once allocated.

ABOUT AUTOMATION & POLICY CONTROL DEPARTMENT

The Automation and Policy Control Department at Superior University Lahore plays a critical role in managing and optimizing institutional processes by focusing on two major projects: ERP (Enterprise Resource Planning) and ODL (Open and Distance Learning). Through the implementation of ERP, the department streamlines administrative, academic, and financial operations, ensuring efficient resource management and data-driven decision-making. Simultaneously, the department supports the ODL initiative, enabling flexible and accessible education for a diverse student body through the integration of technology-enhanced learning platforms and robust policy frameworks. This dual focus ensures that Superior University remains at the forefront of innovation in both administrative efficiency and educational accessibility.
