SUPERIOR UNIVERSITY

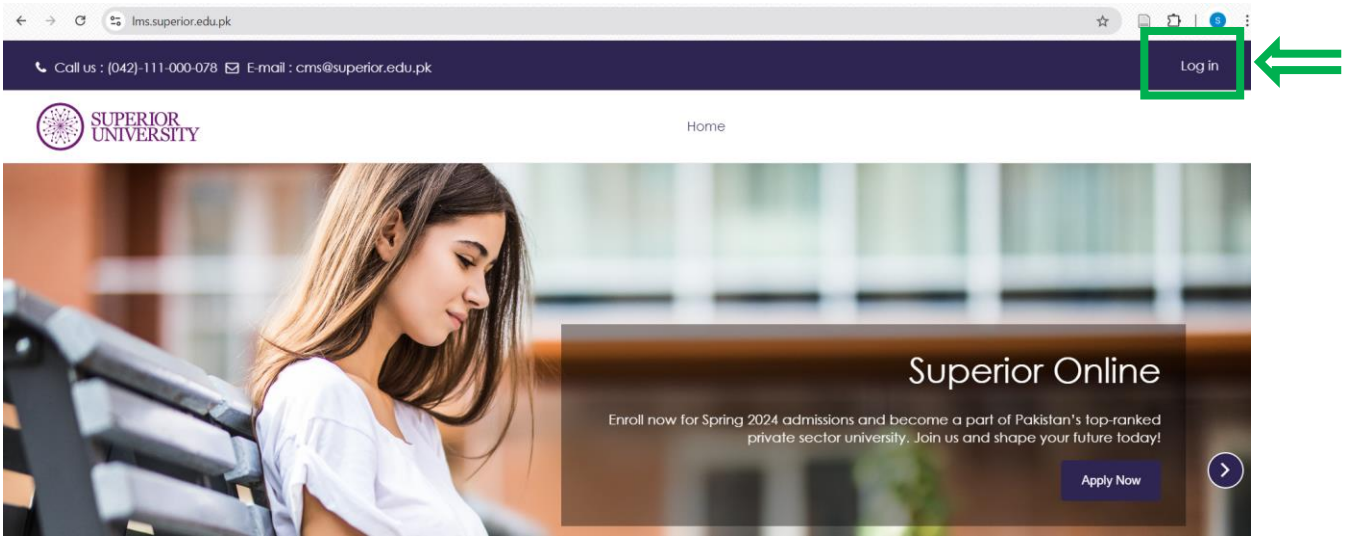
STUDENT MANUAL - LMS

1. How to login your LMS Student Portal?

Step 1: Visit link: lms.superior.edu.pk/

Step 2: Click on **Log in** Button at the top right corner of the page.

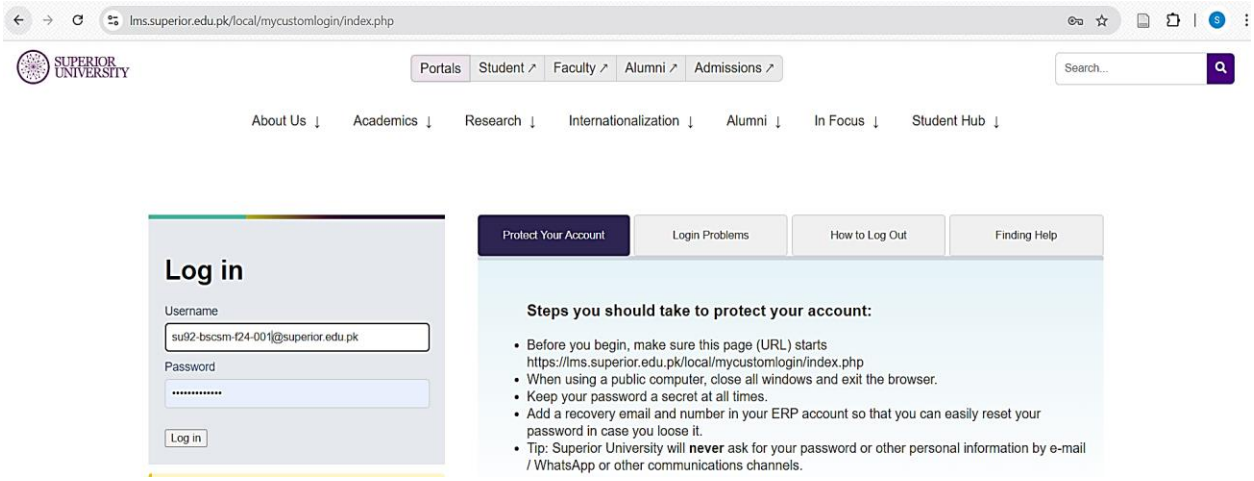


Step 3: Enter Username and Password.

Username is your roll number written on your student card or use your official student email. e.g. **su92-bscsm-f24-001** or **su92-bscsm-f24-001@superior.edu.pk**

Your default password will be communicated to you by your program coordinator.

Note: Kindly change your password immediately after login. In case of any query, consult your program coordinator.



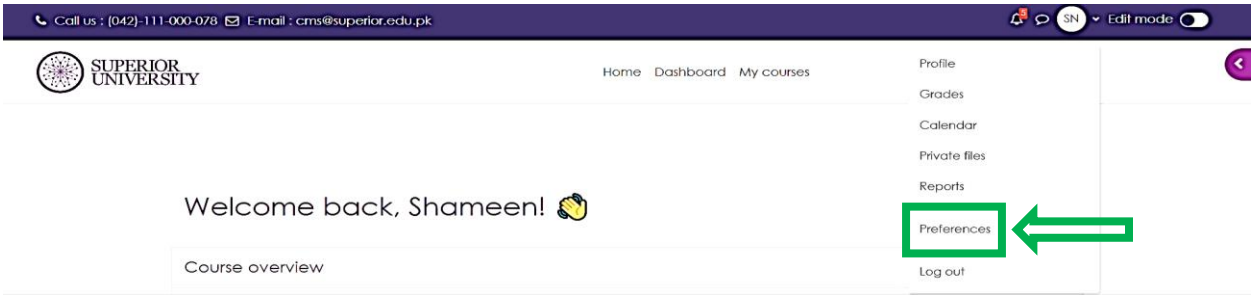
2. How to access your LMS Portal through your ERP Portal?

Login to the ERP Portal through your credentials (username and password). Go to the Menu Bar. Click on **LMS** Menu.

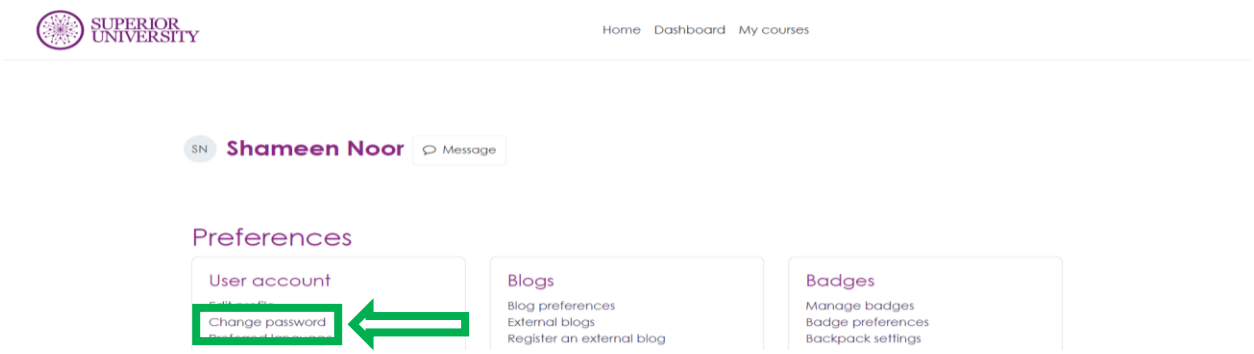
Enter your username and password. Your username is your **roll number** and default password will be communicated to you by your program coordinator.

3. How to Change your Password of LMS Student Portal?

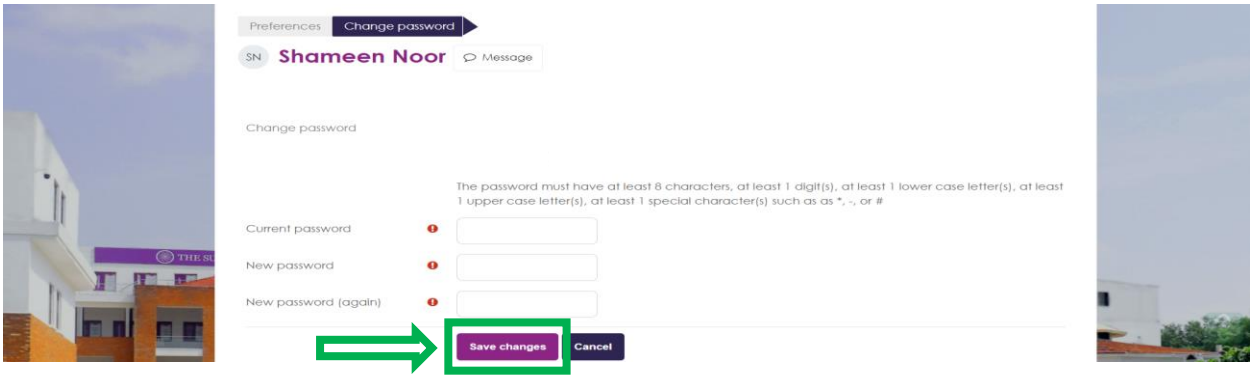
After login, select preferences option on your profile button.



You can change your password by clicking on the Change Password Button as highlighted below:



Enter your current password and new password, save it by clicking save changes button as highlighted below:

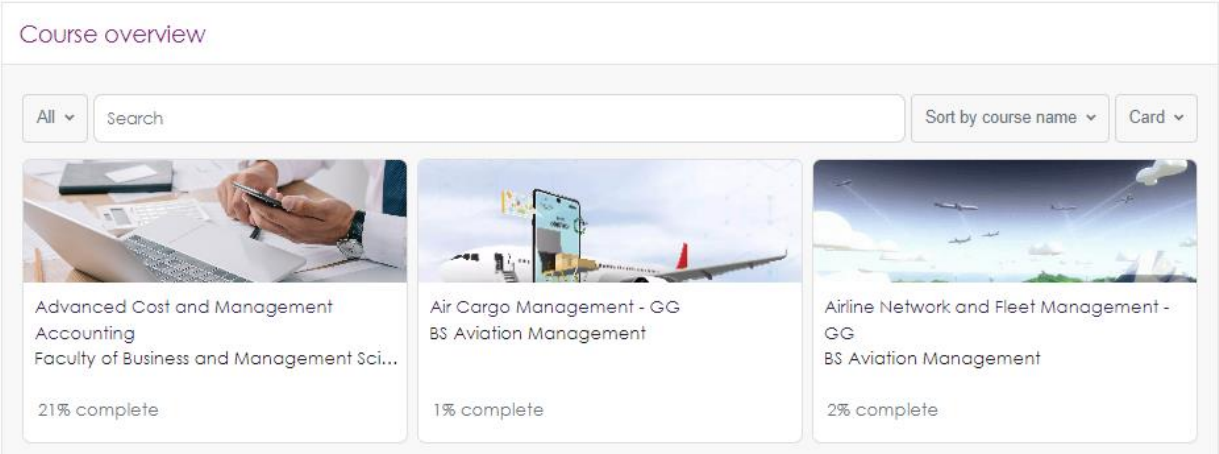


4. How to Use your Dashboard on LMS Student Portal?

Your dashboard contains necessary information regarding the enrolled courses. On dashboard you can see:

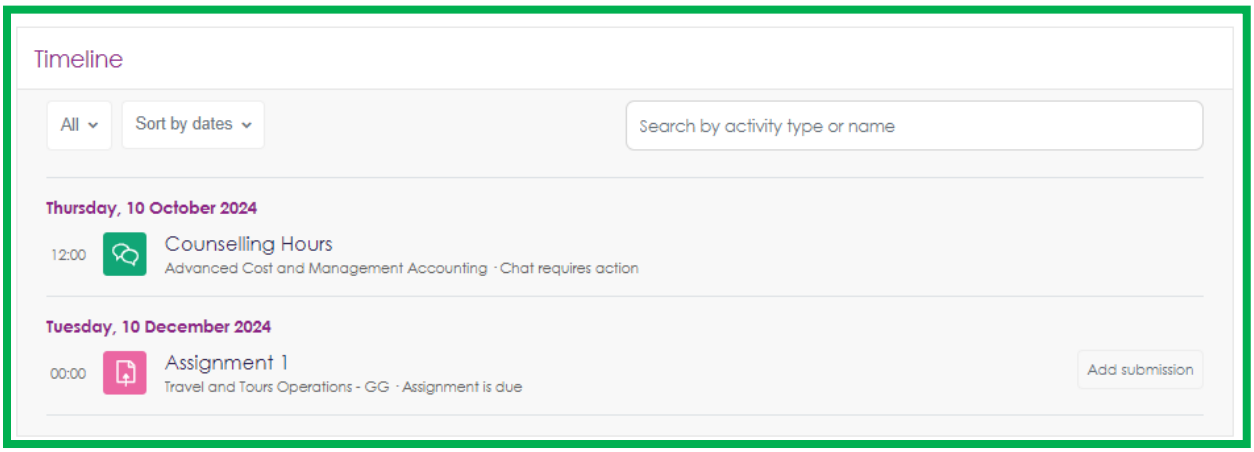
1. Enrolled Courses
2. Course Progress
3. Timeline
4. Calendar

Dashboard



- Timeline

A timeline shows scheduled activities like quizzes, assignments, and other deadlines on the LMS. You can click on the activity and system will navigate you directly to your course:



5. How to Attempt Quiz on LMS Student Portal?

A quiz is a short assessment used to test students' knowledge on a particular topic. Mostly it is in Multiple choice, True/False, Matching, Short answer, Numerical, Essay, Calculated, Drag and drop into text and Select missing words etc.

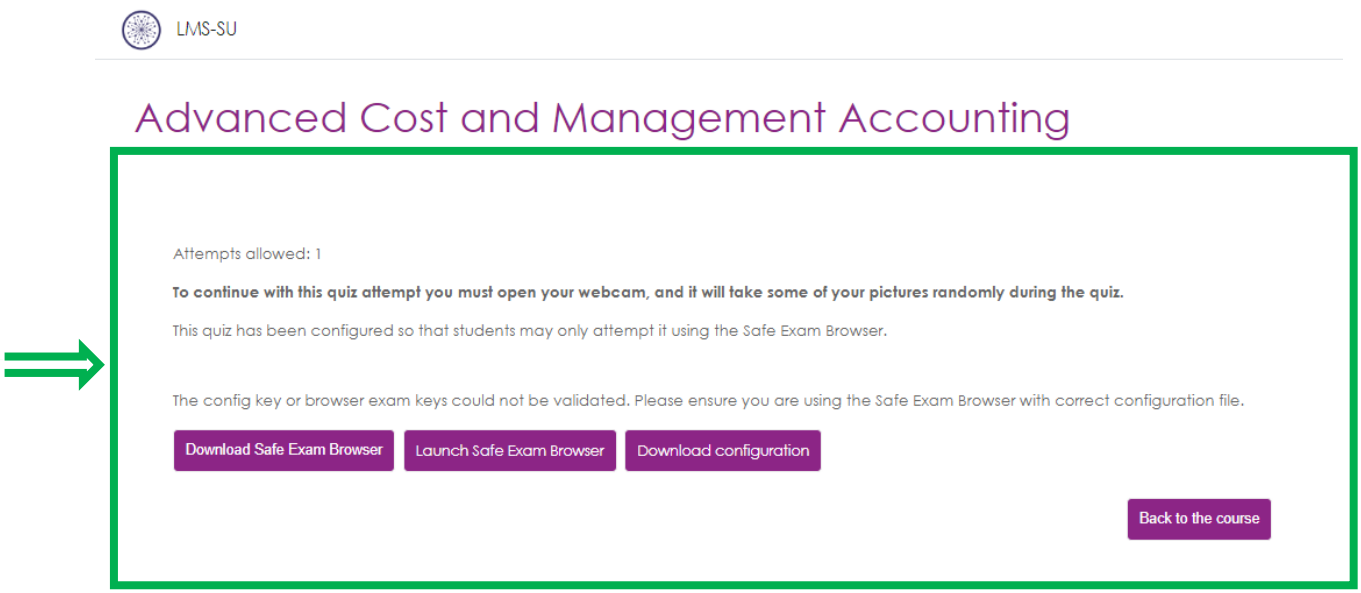
There are two different types of quiz created by teachers:

a. Quiz with Proctoring and Safe Exam Browser
b. Simple Quiz with only time restrictions

Open your course in which quiz is conducted. Click on the Quiz. Read the Quiz instructions carefully. Instructions will guide you about quiz type.

- Quiz with Proctoring and Safe Exam Browser

If you have below message on your quiz screen, then it is Quiz with Proctoring or Safe Exam Browser.



Note: This Type of **Restricted Quiz** can only be attempted using your **Laptop** or **Computer System**. You cannot attempt this quiz on your mobile device.

You can attempt this type of Quiz by following below guidelines:

1. Download Safe Exam Browser on your Laptop or Computer if not installed.
2. Lauch your Safe Exam Browser.
3. Log in to your LMS Student Portal.
4. Open Quiz and Start Attempting.

Note: **Safe Exam Browser** will never allow you to navigate to other tabs or windows. If you try to quit it, your quiz will be closed, and you will not be able to attempt again.

- Simple Quiz with only time restrictions

You can attempt Simple **Quiz** on your Laptop, Computer System or Mobile Phone using Google Chrome Browser or LMS Mobile App.

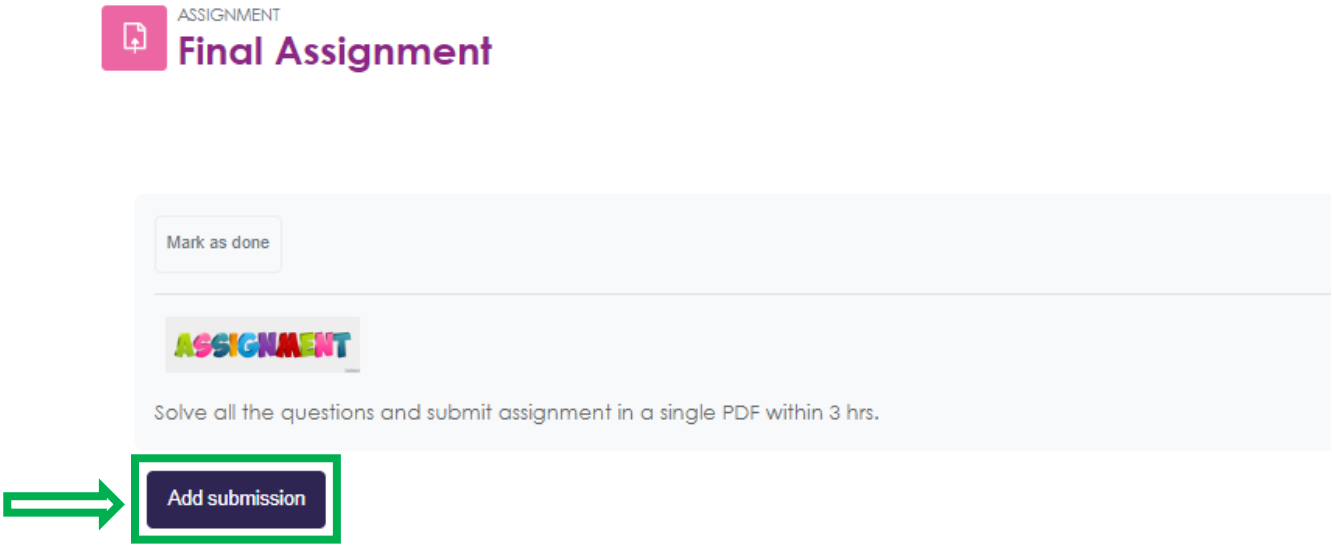
1. Log in to your LMS Student Portal.
2. Open Quiz and Start Attempting.

6. How to Submit an Assignment on LMS Student Portal?

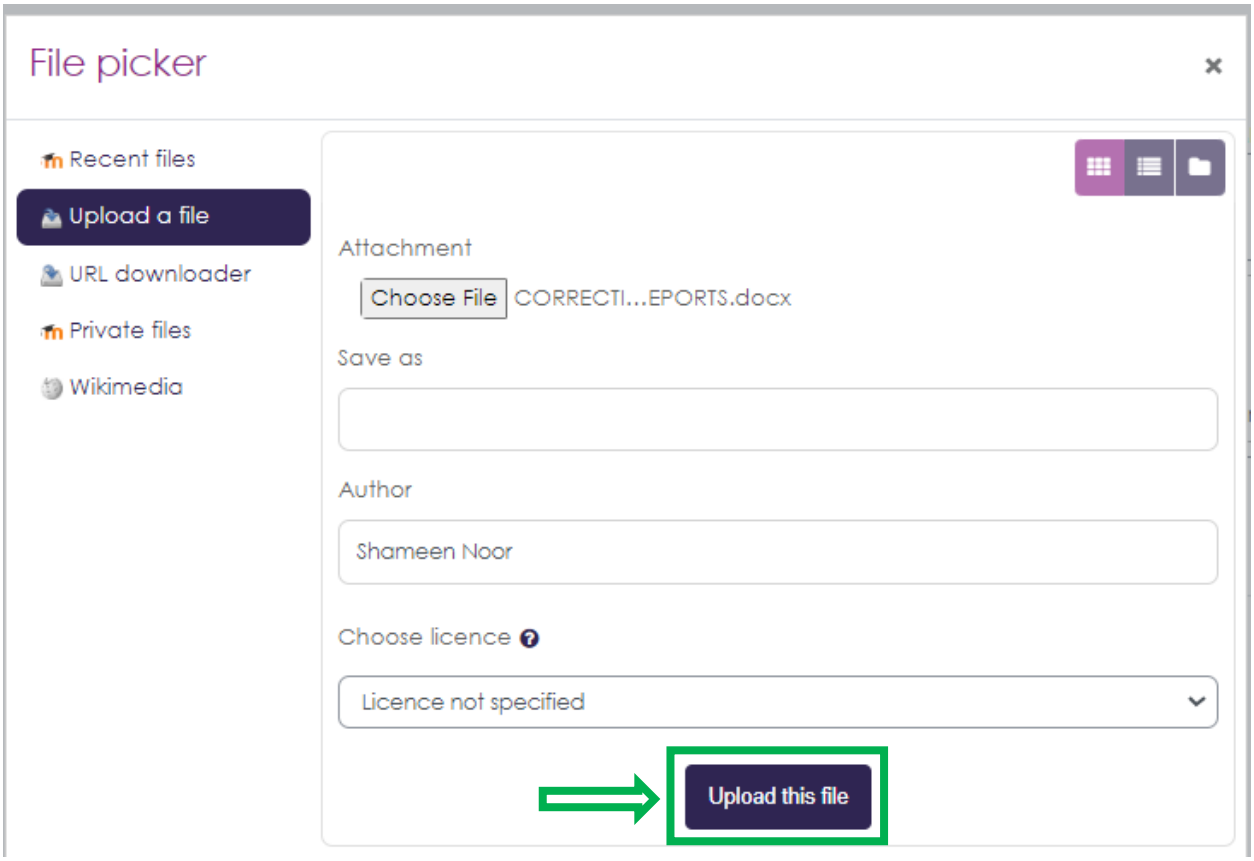
An assignment is a task given to students to complete outside of class and submit by a deadline.

You can submit an Assignment on your Laptop, Computer System or Mobile Phone using Google Chrome Browser or LMS Mobile App.

1. Log in to your **LMS Student Portal**.
2. Open your **course** in which you are required to submit an Assignment.
3. Open **Assignment** and Click on **Add Submission** Button.

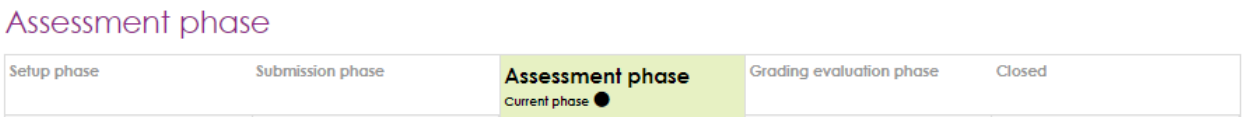


4. Select your file from your device.
5. Click on Upload this File Button as highlighted below:



7. How to Attempt Peer Review Assignment / Workshop?

Peer Review Assignment / Workshop is an assignment conducted by your teacher that enables students to provide feedback on another student's assignment submission. This assignment has below 5 mentioned phases:



The phase highlighted in the green colour will be the current assessment phase.

Setup Phase: Teacher is allocating students to provide feedback on random assignments

Submission Phase: Teacher open submissions and allows you to submit your assignments.

Assessment Phase: Students are allowed to provide feedback on random assignments.

Grade Evaluation Phase: Teacher reviews your assignment and your feedback.

Closed: Teacher closes the workshop after finalization of marks / grades.

Note: You are only required to perform in two phases as per guidelines of your teacher that are, **submission phase** (To submit your own assignment) and **assessment phase** (To provide your feedback on other student / s assignment.

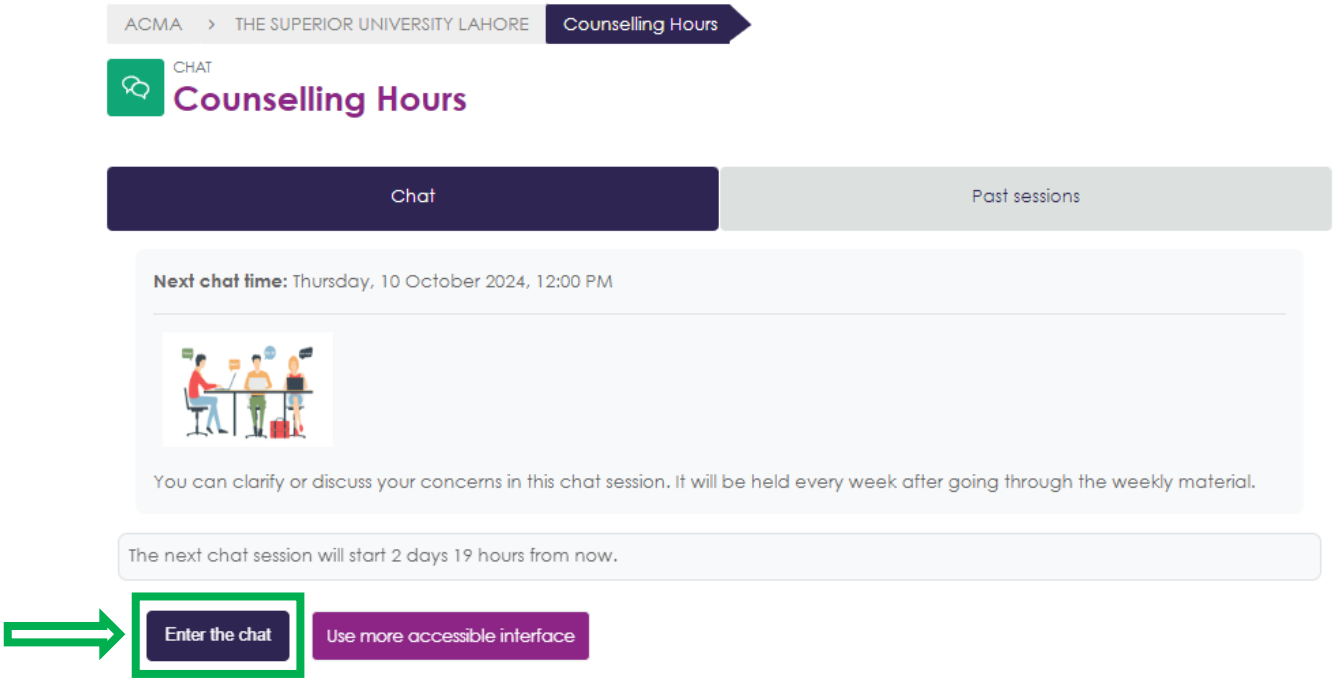
8. How to Download LMS Mobile App?

You can download LMS Mobile App by clicking on below download button:

9. How to Join Chat / Counselling Hours Session?

A chat/counseling session is a real-time conversation with a teacher or counselor for academic or personal guidance. You can join it by following below steps:

1. Log in to your **LMS Student Portal**.
2. Open your **course** in which chat session is conducted.
3. Open **Chat / Counselling Hours** and Click on **Enter Chat** Button as highlighted below.



After entering the chat, you can share queries to your teacher in a live session.

ABOUT AUTOMATION & POLICY CONTROL DEPARTMENT

The Automation and Policy Control Department at Superior University Lahore plays a critical role in managing and optimizing institutional processes by focusing on two major projects: ERP (Enterprise Resource Planning) and ODL (Open and Distance Learning). Through the implementation of ERP, the department streamlines administrative, academic, and financial operations, ensuring efficient resource management and data-driven decision-making. Simultaneously, the department supports the ODL initiative, enabling flexible and accessible education for a diverse student body through the integration of technology-enhanced learning platforms and robust policy frameworks. This dual focus ensures that Superior University remains at the forefront of innovation in both administrative efficiency and educational accessibility.
